

The Media School

# Media Violence and the Pathways of Human Aggression

INDIANA UNIVERSITY BLOOMINGTON

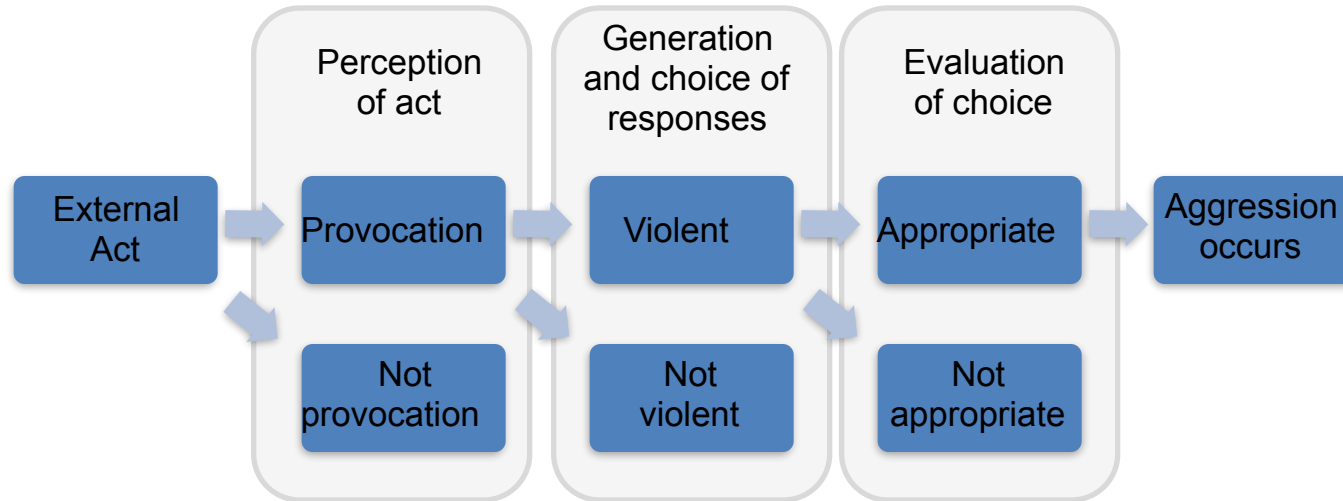

Part 1

# Building a model of aggressive behavior

# At what age are humans most aggressive?

# A model of human aggression

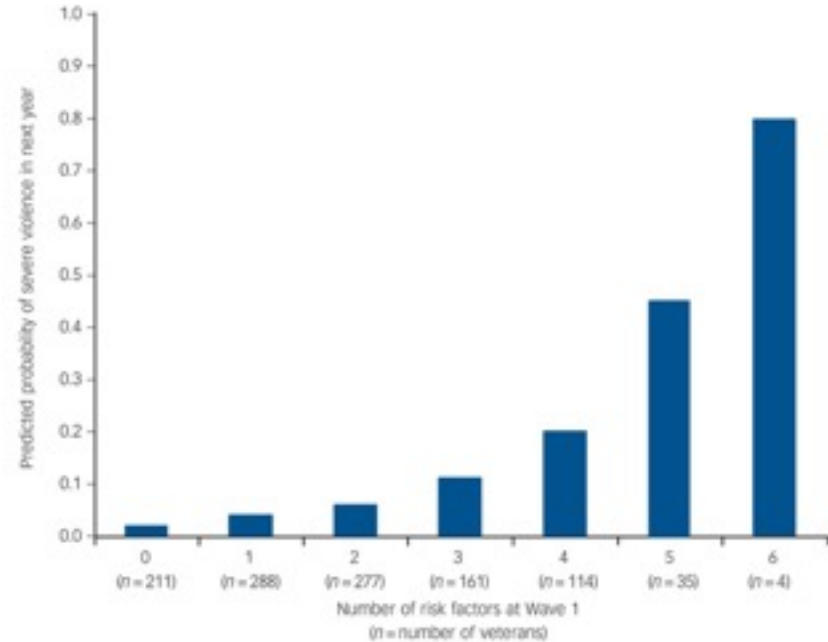

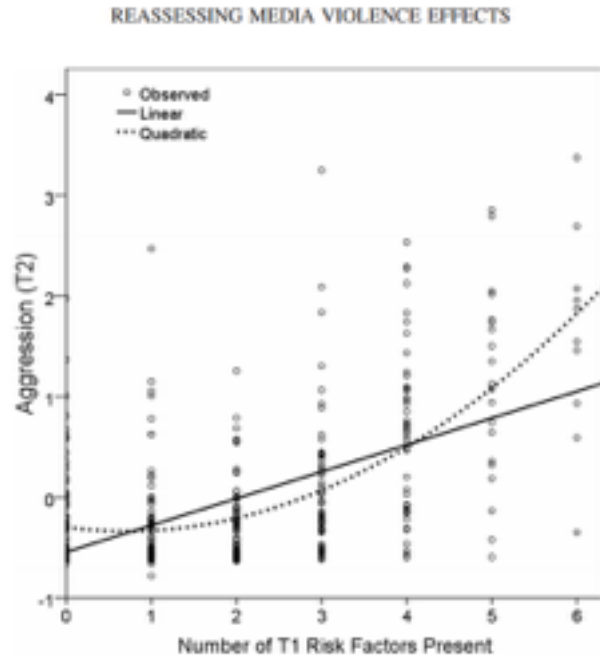

Part 2

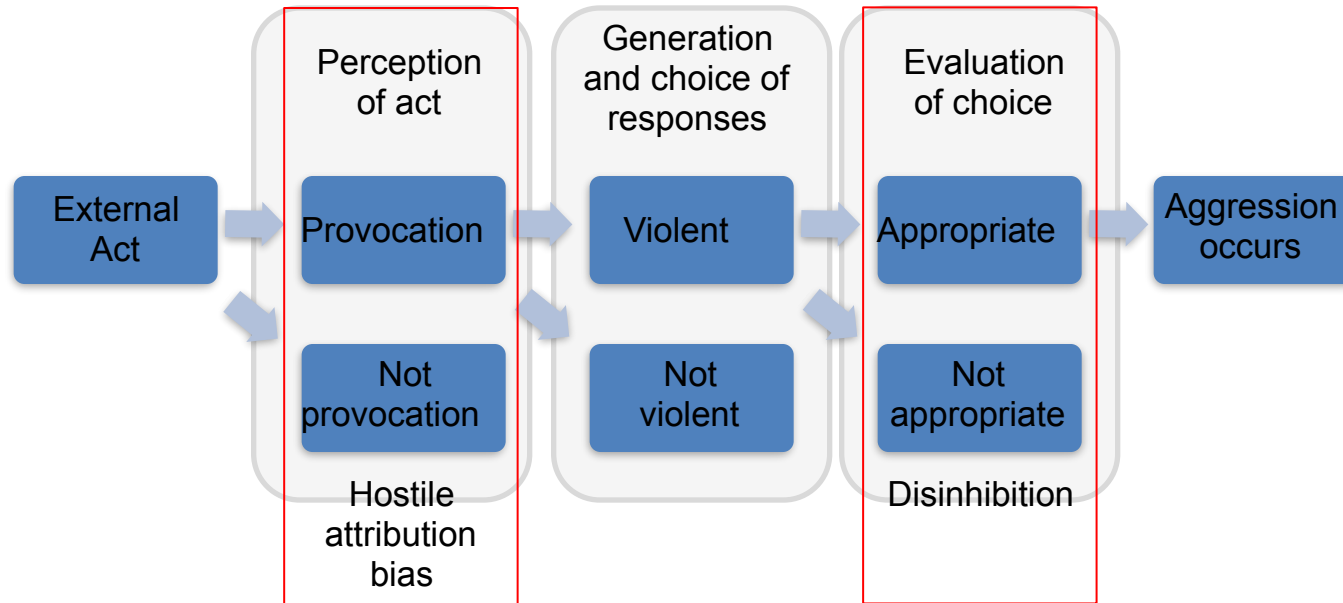

# What is the media's role?

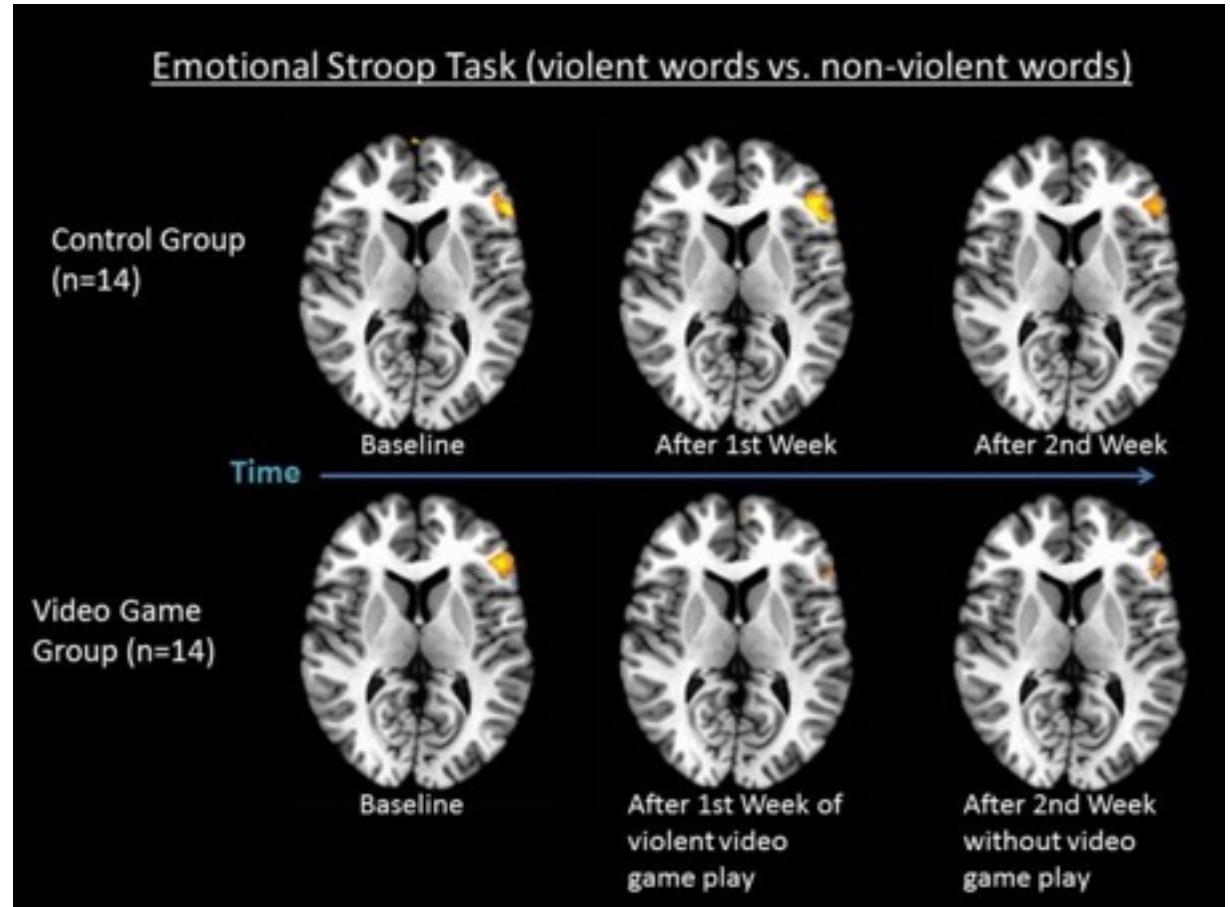

# Using a risk/resilience model

# A model of human aggression

# fMRI studies of disinhibition

**What does this mean for policy and intervention?**

# Implications of this research

- A note about media addiction
- The importance of context
- Violent content in social and streaming
- The role caregivers can play

**Thank you!**
